

Village of Croton-on-Hudson
Water Control Commission Meeting of
June 18, 2014

PRESENT: Stuart Greenbaum, Chair
Ian Arturo
Mark Goldfarb

ABSENT: Charles Kane
Gail Sasso

ALSO PRESENT: Daniel O'Connor, Village Engineer

1. Call to Order:

The Water Control Commission Meeting of June 18, 2014 was called to order at 7:35 P.M.

2. Old Business:

- a) **ConEdison Corporation – Croton River Drilling Project:** Directional drilling under Croton River for new electrical line at former Route 9 Bridge over Croton River.

The Village Engineer, Daniel O'Connor, summarized the status of the application. He said the application had gone before the Waterfront Advisory Committee (WAC). The Coastal Assessment Form (CAF) and Short Environmental Assessment Form (SAF) had both been revised and after reviewing the revised CAF and SAF, the WAC made a preliminary recommendation of consistency with the Village's Local Waterfront Revitalization Program in a memo dated June 6, 2014.

The Board then reviewed Section 617.7 of SEQRA to determine whether the application might have a significant adverse impact on the environment. The Board determined the application had no substantial impact and as a result issued a Negative Declaration and referred the application back to the Waterfront Advisory Committee for a final recommendation of consistency.

A motion was made by Chairman Greenbaum to issue a Negative Declaration and refer the application to the WAC for a final recommendation of consistency with the Local Waterfront Revitalization Program. The motion was seconded by Mr. Goldfarb and the motion passed with a vote of 3 to 0.

3. Approval of Minutes:

Chairman Greenbaum made a motion to approve the amended minutes of the May 21, 2014 meeting of the Water Control Commission. The motion was seconded by Mr, Goldfarb and was passed with a vote of 3 to 0.

4. Adjournment:

The meeting was adjourned at 7:50P.M.

Respectfully submitted,

Toni Cruz
Secretary, Water Control Commission
